APPLICATION FOR SINGLE PROJECT LIMIT INCREASE

IMPORTANT INFORMATION

In accordance with NAC 624.670, a licensee may apply to increase the established monetary limit for a single project only. **This application must be received by the Nevada State Contractors Board at least 5 working days before the date of the bid, not including the bid date.**

The application must be approved by the Board before the submission of a bid by the contractor for the project.

A licensee cannot submit more than five (5) applications for a single project increase during any twelve (12) month period.

The Board has the authority to establish conditions for the approval of the application, such as requiring a payment and performance bond, or any other condition the Board finds necessary to protect the public interest. These contingencies must be met in order for the limit increase to be valid.

If approved, the approval will be valid for 60 days. If the bid date is delayed, or project re-bids after this time, it will be necessary to submit a new single project limit increase application.
