Summary Suspension

All Quality Air, license number 45987 (Refrigeration and Air Conditioning) based out of Las Vegas, Nevada was summarily suspended by the Nevada State Contractors Board for the health, safety and welfare of the public.

The Board acted under a provision of the Nevada Revised Statutes (NRS) 624.291, which gives the Board authority to suspend the license of a contractor without a hearing if the board finds, based upon evidence in its possession, that the public health, safety or welfare imperatively requires summary suspension of the license.

The Nevada State Contractors Board is committed to protecting the public's health, safety, and welfare through licensing and regulation of the construction industry. Under Nevada Revised Statutes, a licensee is subject to disciplinary action by the Board for failure to comply with the requirements of the laws or regulations governing contractors. Violations may result in Board action against the contractor's license. The State Contractors Board has the power to regulate contractors and discipline licensees who violate NRS 624. Disciplinary action may consist of a fine of up to \$10,000 per offense, order corrective action, suspension, revocation or other action.

The Board will convene next in Henderson, NV on September 21, 2004.
