Homeowners who use the services of a revoked or suspended contractor are not eligible for recovery of their damages through the Residential Recovery Fund. The Board urges the public to hire only licensed contractors in good standing with the NSCB.

**The Contractors Board suggests the following 10 tips when hiring contractors:**

1. Hire only licensed contractors.
2. Check the contractors' license number by calling the Nevada State Contractors Board at: (775) 688-1141 in Northern Nevada, or (702) 486-1100 in Southern Nevada; or by doing a license check on our website, [www.nscb.state.nv.us](http://www.nscb.state.nv.us).
3. Get three references and review past work.
4. Get at least three bids.
5. Get a written contract and do not sign anything until you completely understand the terms.
6. For pool contracts, pay 10 percent down or \$1,000 – whichever is less, if a deposit is required.
7. Don't let payments get ahead of the work. Keep a record of all payments.
8. Don't make a final payment until you are satisfied with the job.
9. Don't pay cash.
10. Keep a job file of all papers relating to your project.
