## Rebuilding Hope Helps Needy Family Remodel Their Kitchen

### FOR IMMEDIATE RELEASE

Thanks to the generosity and hard work of several Southern Nevada contractors and appliance companies, Evelyn and Alvin Coleman have a newly remodeled kitchen.

The Colemans, two senior citizens, were selected to have their kitchen remodeled as part of the "Rebuilding Hope" holiday community service project sponsored by The Nevada State Contractors Board, Associated Builders and Contractors of Las Vegas (ABC) and Lowe's. Individual volunteers from: Awesome Floors Inc.;

-- more --

Econ “The Appliance People”; Standard Plumbing Supply Co., East Tropicana office; Helix Electric; A-1 Mechanical; Clark County Plumbing Inc.; Tradewinds Construction; and Republic Services provided either labor or materials or both.

Rebuilding Hope was limited to no more than 100 applications, received from Nov. 14 through Dec. 8, 2006. Applicants were judged on a family’s *special circumstances*.

The Coleman’s kitchen was in total need of repair. There was water damage throughout the walls, kitchen cabinets were falling apart and several major kitchen appliances, the electrical fuse box and the water heater needed to be replaced.

The Nevada State Contractors Board has the responsibility to promote quality construction by Nevada licensed contractors through a regulatory licensing system designed to protect the health, welfare and safety of the public.

The Associated Builders and Contractors of Las Vegas promotes and protects freedom of choice in the construction industry marketplace and the rights of all contractors to conduct their businesses in an environment unencumbered by conditions that could restrict an owner's independence, or impede a contract being awarded to the lowest reasonable qualified bidder.
