The Nevada State Contractors Board is committed to protecting the public's health, safety, and welfare through licensing and regulation of the construction industry. Under Nevada Revised Statutes, a licensee is subject to disciplinary action by the Board for failure to comply with the requirements of the laws or regulations governing contractors. Violations may result in Board action against the contractor's license. The State Contractors Board has the power to regulate contractors and discipline licensees who violate NRS 624. Disciplinary action may consist of a fine, order corrective action, suspension, revocation or other action.

NRS 624.212(7) allows an unlicensed individual who was issued a cease and desist order to petition the Board in writing to lift or alter the order within 15 days after receiving the cease and desist order. Upon receipt of this request, the Board will schedule an administrative hearing to review the facts and make a determination on the validity of the cease and desist order and assess any fines or costs that may be associated with the investigation.
